U.S. Patent and Trademark Office

Continuation of 11. does NOT place the application in condition for allowance because: The current amendments are not entered because limitations of claims 2-3 are now dependent upon independent claim 8. Claim 8 recites a narrower range than claims 2-3 which raises a new issue as to 112 2<sup>nd</sup> paragraph Furthermore instant claims 4-7 raise new issues under 112 2<sup>nd</sup> as to antecedent basis and other discrepncies in the claims

The 112 new matter rejections in prior Office Action dated 1/19/2010 is maintained because the pressure range as claimed in instant claim 8 is for the acid gas after the stripper (pressure vessel) ( see par [0028]-[0029])-outlet, as demonstrated in Examples A, 1 and 2 and not for the pressure vessel (stripper) [iself.
